### What Does Catarrh Mean?

It means inflammation of a  
mucous membrane some-  
where in the head, throat,  
bronchial tubes, stomach,  
biliary ducts or bowels. It always  
means stagnant blood—the  
blood that is full of impuri-  
ties. Left alone, it extends  
until it is followed by indigestion,  
colic, congestion or fever. It weakens  
the system generally and spreads its  
operations until systemic catarrh or  
an acute illness is the result.

### Peruna

Is the nation's reliable remedy for  
this condition. It restores appetite,  
aids digestion, checks and removes  
inflammation, and thus enables the  
membranes through which we breathe  
and through which our food is ab-  
sorbed, to do their work properly.  
Forty-four years of success, with thou-  
sands of testimonials, have established  
it as the home remedy—Ever-Ready-  
to-Take. Its record of success  
holds a promise for you.

### PEACE PROFFERS USELESS

German Chancellor Arraigns England  
as Unscrupulous Foe.

Berlin, Sept. 26, via London. Sept.  
29, 5:45 a. m.—Chancellor Von Beth-  
mann-Hollweg in his speech in the  
Reichstag today made no peace pro-  
posals, which he declared would be  
useless in view of the attitude of the  
entente allies. Neither was there an  
intimation of a relaxation of the sub-  
marine warfare.

The chancellor scathingly arraigned  
England as Germany's relentless and  
unscrupulous foe, and declared that  
statesmen who refrained from using  
all possible suitable weapons against  
such an enemy, owing to sentiments  
of consideration or a desire to keep  
open a basis for a future understand-  
ing, deserved to be hanged.

The chancellor announced his firm  
determination to carry through inter-  
ior reforms in the state organization  
which the great masses by their con-  
duct of the war had earned and de-  
served.
